By signing the following document, each party agrees to adhere to the respective requirements heretofore listed:

MANUFACTURER

- PPA projects will receive preferential treatment on lead times should steel become short in supply.
- Proportionally priced products for change orders and design-build projects.
- Flexibility on escalation clauses should steel level out on pricing.

Manufacturer's signature: _____

Date: _____

CONTRACTOR

- Accurate construction schedules for this project. Material to be ordered in accordance to the construction schedule
- Quantities and thicknesses at time of acceptance of design/submittals by the General/Prime Contractor, Architect, Structural Engineer, and/or governing agency.
- Pay agreed upon price for quoted project.

Contractor's signature: _____

Date: _____

DISTRIBUTOR

- Order steel to this specific project stated on purchase agreement. No substitutions.
- Honor quoted prices regardless of market conditions at the time of order.
- Commitment to one manufacturer for this specific project from start to finish.

Distributor's signature: _____

Date: _____

Footnotes:

1. PPA must be signed within 90 days of commitment to project.
2. PPA may be signed for jobs less than 200,000 lbs.
3. Any misuse of the quote will result in cancellation of the quote.
4. Should this project be delayed beyond finish date above, CEMCO is under no obligation to extend quote.
