Agreement Conditions

- Quantities and prices pertain only to the Project Quote Number listed above.
- Overages greater than 10% of total weight will be billed at market price.
- Commitment to purchase the products and footage listed on the quote exclusively from CEMCO.
- PPA projects will receive preferential treatment on lead times should steel become short in supply.
- Proportionally priced products for change orders and design-build projects.
- Accurate time schedules must be supplied. Should this project be delayed beyond finish date above, CEMCO is under no obligation to extend quote. Extensions will be considered upon a full review of current market conditions for steel.
- If market conditions no longer support the need for a specific price escalator, CEMCO may move that escalator to a later date at its discretion. At no time, will an escalator be eliminated completely.
- Misuse of quote will result in quote and PPA being canceled.
- Both parties shall honor quoted prices regardless of market conditions at time of order.

Note: By signing this document, each party agrees to adhere to the respective requirements listed and made in connection with the project quote. Failure of either party to satisfy the requirements above is grounds for the other party to terminate and not honor pricing and quantities set forth in the job quote.
